A vintage Rehamna exhibiting a pictorial composition of geometric forms and human figures capturing a moment of village life. The graphic organization reads like an urban landscape with squares, bars, and box formations in varying scales echoing architectural references. This piece exudes charm and joy (the dancers agree...can you spot all 6?). Woven in vibrant pink, red, salmon, faded lavender, charcoal, and dark brown. Areas of wear consistent with age and use. All wool with goat hair sawtooth selvages.
